31 Days of Scripture: Praying through Infertility

The following Bible verses have empowered and uplifted me during my struggle with infertility and I pray they will serve you in a similar way. There are no specific instructions on how to use these Scriptures. I'm simply providing them in a 31-day format, but it is your call to use them in whatever way serves you best. You can rely on these Scriptures to guide your prayers when you have no words of your own. You can meditate on these Promises and let them sink deep into your heart. Or you can write these verses out in a journal for reflection. May your journey be blessed by the Word of God and your faith be strengthened with these Scriptures. Trust in His Promises. Rest in His Hope. And Be Still & Know...

- | | | |
